ASCA Executive Director Announcement

The ASCA Board of Directors is pleased to announce **Wendy Keiver** as **Executive Director** for the association. After an extensive, nation-wide recruitment search, and excellent candidates to choose from, Wendy was the top contender, and has accepted the permanent position offered to her by the Board.

Wendy excelled in her role as Acting Executive Director, with her dedication evident to the association, to parents, and to public education. She brings a wealth of experience working with school councils as former Director of Client Services for ASCA, and with the provincial education system, in her previous role as school board Trustee.

Already initiating changes for the better, with new leadership and an outlook for efficiencies, ASCA looks forward to a promising future.

Please join us in congratulating Wendy in her new role, and thank you for your continued support of the association.

Sincerely,

A handwritten signature in black ink, appearing to read 'Allison Pike', written over a horizontal line.

Allison Pike

President
