

School Council Engagement Task Force

Alberta School Councils' Association (ASCA) Members:

We are pleased to announce that your ASCA Board of Directors will be engaging with member school councils, in an advisory capacity, through the recently redesigned School Council Engagement Task Force (SCETF).

The School Council Engagement Task Force is comprised of engaged parents throughout the province, who are identified by their school council, to provide input on relevant education issues to the Board of Directors.

The ASCA Board recognizes the invaluable perspectives and wisdom that individual councils provide, and appreciate the opportunity to gain a truly province-wide view from members.

If you are a parent on an ASCA member school council, and are interested in participating, please submit the form on our website at <https://www.albertaschoolcouncils.ca/about/the-parent-voice/school-council-engagement>

Members of the School Council Engagement Task Force must be willing to consult with their individual school council and parent community, regarding input on survey questions posed, and respond to ASCA in a timely manner.

Survey questions are distributed via email, along with information to help facilitate discussion.

We are excited for this opportunity to collaborate with our members throughout the province, and we look forward to working with you and your school council this school year!

School Council Engagement Task Force (SCETF) 2018 - 2019
