

Respect in School Certificate

Alberta 

I have a legal and moral obligation to act if I see or suspect maltreatment.

BAHD Behaviours are bullying, abuse, harassment, and discrimination and they are more about the impact than the intent.

Being a positive role model can have a life-long impact on the young people in my care.

It's both immoral and illegal to have an intimate relationship with a student. No student can ever give consent to a School Leader.

When a bystander steps in bullying stops in 10 seconds 57% of the time.
