New Funding Model
ASCA Member Perspectives

- When we had our last school council meeting, our principal said that they hadn't received follow up from the budget announcement yet. It was supposed to be coming in March, and we met in mid April. At least for our high school, this isn't clear yet.

- It could be that the allocation was still sitting at the Board level, as they tried to determine how best to meet the needs of students in each school. Principals should hear soon!
- Under the previous funding model, boards got funding from sources other than "Sept 30 bums in seats". But I don't know all those titles. Today the minister was talking about other various grants. I wish for a full picture, pre and post new funding model of all funds to schools.
- Some information that might be helpful: 2021/22 Funding Manual for School Authorities is available online and school authority funding profiles are now available on the extranet. While funding manual changes are outlined in the Summary of Significant Changes with further details
