**Definition**

**1** In this Regulation, “at-home learning” means teacher-directed education programming provided by a board to a student on a temporary basis at the student’s residence or at a location other than the student’s regularly attended school.

**In-person learning option required**

**2(1)** Subject to section 4, in fulfilling its responsibility to deliver appropriate education programming, a board offering or providing in-person learning for some or all of grades 1 to 12 may offer or provide at-home learning only if the board provides or continues to provide an option for in-person learning for each student at the student’s regularly attended school for all grades for which that board offers or provides at-home learning.

**(2)** Subject to section 4, the option for in-person learning must allow the student to continue with the same courses and education program that the student is enrolled in as of the date at-home learning is offered or provided.

**Access to learning**

**3** In fulfilling its responsibility to deliver appropriate education programming, a board may not deny a student access to in-person learning if the student does not wear a face mask or other face covering for the primary purpose of preventing or limiting the spread of COVID-19 or any other communicable disease, as defined in the *Public Health Act*.

**Exemption from regulation**

**4** The Minister, by order, may exempt a board from the application of section 2, subject to any terms and conditions the Minister considers appropriate.

**Expiry**

**5** For the purpose of ensuring that this Regulation is reviewed for ongoing relevancy and necessity, with the option that it may be repassed in its present or an amended form following a review, this Regulation expires on August 31, 2025.
